Subject: Apology and Request for Consideration

Good Day,

I sincerely apologize for not being able to include our player on the official poster. The reason is that the player has not been present at school for the past month, which has made it difficult for us to coordinate and gather the necessary details on time.

Despite this, I am humbly requesting your kind consideration to still allow the player to participate in the event. The player is willing and prepared to join, and we assure you of their commitment moving forward. We truly hope for your understanding regarding this matter. Thank you very much for your consideration.

Sincerely,

Kingwee Kon Lee Huelva
